Study Skills: New Ways to Think of Studying

1. Reading the textbook
2. Attending class and actively participating
3. Attending all lab sessions
4. Taking notes from textbook/class lectures
5. Reviewing notes throughout the semester
6. Summarizing notes/textbook content and writing on notecards
7. Quizzing yourself regularly on material read or class notes
8. Attending SI and/or tutoring sessions
9. Creating a study group (use Canvas)
10. Taking questions to professor during office hours
11. Working extra practice problems, case studies
12. Creating practice exams
